MISE AU POINT SUR LES SITUATIONS SANITAIRE ET SECURITAIRE LOCALES N°004/OCTOBRE 2019

SITUATION SECURITAIRE

Des affrontements armés ont été signalés dans la Province et des actes de banditisme dans la ville de Bukavu et ses périphéries. La société civile de Bukavu a rapporté au moins 5 cas de tueries commises à l'issue de vols à mains armées ayant eu lieu au mois d'octobre. En territoire de Fizi, depuis quelques semaines l'armée nationale (FARDC) s'affronte à des milices armées, causant plus de 50 000 déplacés internes dont les villages ont été attaqués. Dans la plaine de la Ruzizi, des braquages se multiplient sur la route nationale Bukavu-Uvira. Un civil a été tué et 2 autres enlevés au niveau du village de Kiliba. La grève des enseignants du primaire a repris suite à l'échec des négociations sur la mise en œuvre de la gratuité des études.

SITUATION SANITAIRE

Depuis plusieurs semaines, aucun nouveau cas confirmé de maladie à virus d'Ebola (MVE) n'a été signalé dans la Ville de Bukavu. Par contre, le taux de rougeole semble grimper : 19 nouveaux cas ont été rapportés dans la Ville de Bukavu par la Division Provinciale de la Santé (DPS). Les campagnes de sensibilisation se poursuivent.

UPDATE ON LOCAL HEALTH AND SAFETY STATUS

N°004/OCTOBER 2019

SECURITY STATUS

Armed clashes have been reported in the South Kivu Province as well as acts of banditry in the city of Bukavu and its peripherys. The Bukavu's Civil Society has reported at least five killings during the armed robberies throughout October. In the Fizi territory, the national army (FARDC) has clashed with armed militias in the past weeks, causing more than 50 000 internally displaced people whose villages were attacked. In the Ruzizi plain, the number of robberies on the Bukavu-Uvira national road is rising. One person was killed and two others kidnapped in Kiliba. Following the failure of negotiations concerning the implementation of free elementary school, the teachers have resumed their strike.

HEALTH STATUS

Since several weeks, no new confirmed case of Ebola virus disease has been reported in the City of Bukavu. However, the incidence of measles seems to be rising. Nineteen new cases have been reported by the Provincial Division of Health. The sensibilization campaigns continue.
